[www.vueimaging.com](http://www.vueimaging.com)

VUE's understanding of the veterinary practitioner and the technology market means that we spend our time seeking out quality, reliable digital diagnostic solutions for veterinarians around the world.

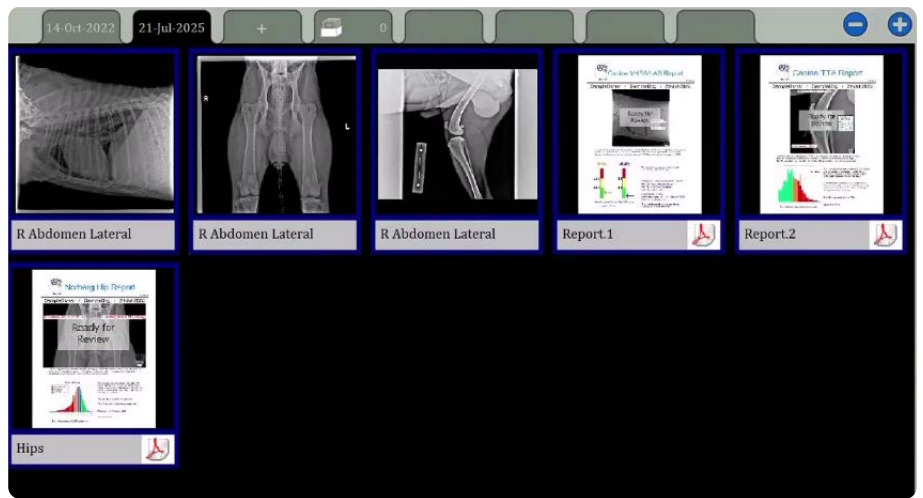

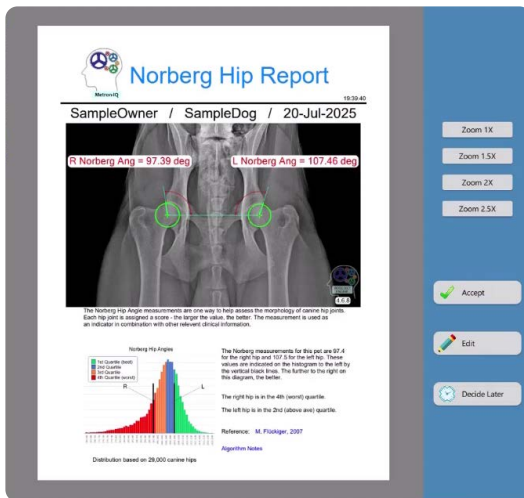

VUE's simple and secure online store ensures veterinarians can find the equipment they're looking for on-time and on-budget.

**Our Guarantee: 7-Day Try-It-Out Return Policy**

*Empowering Confident Equipment Decisions*

# Smart Report™

Smart Patient Measurements for Digital Radiography

## Automatically Reads Radiographs

Powered by evidence-based Artificial Intelligence, Smart Report™ recognizes different radiographic views, performs automatic measurements, and places patient data on visual scales for quick evaluation and interpretation of results.

## Insight Reports Currently Available

- Canine Abdomen
- Canine VHS/VLAS
- Norberg Hip Angles
- Canine Elbow
- TTA + TPLO Analysis
- Cardiac Thoracic Ratio
- Canine Shoulder
- Feline Kidney

## Your Diagnostic Assistant

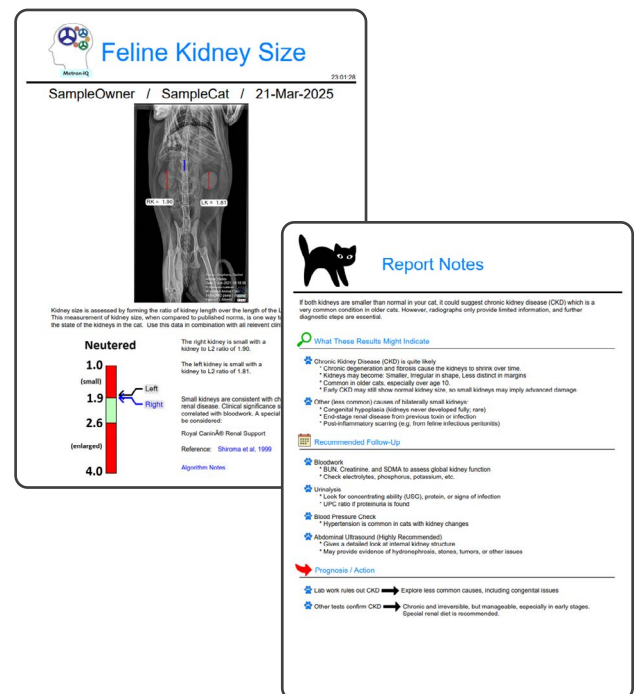

This cloud-based software developed to help veterinarians make confident decisions regarding patient health:

- Quickly identify early signs of disease or musculoskeletal concerns
- Track changes before and after treatment
- Share reported findings with clients

## Add to a VUE DR System or Your Existing System

Do you want to try Smart Report™ on your existing DR system that isn't from VUE Imaging?

Ask about *Smart Report X!*

## “No Catch” Monthly Subscription Service

No long-term commitment or contracts. Smart Report™ is a month-to-month subscription service that can be canceled anytime.

# Photon SuperBundle

*Companion Animal Digital Radiography Package*

## Desktop Computer

- All-in-One desktop computer
- High-Resolution touch display
- Powerful data processor and high memory capacity for uninterrupted workflows
- Includes Vizion Image Acquisition Software

## 17" x 17" Detector Panel

- Tethered cassette-sized detector panel
- Enhanced image quality with reduced radiation exposure, featuring direct deposition CsI
- 139  $\mu$ m pixel pitch
- Stable Sync+ AED for reliable imaging

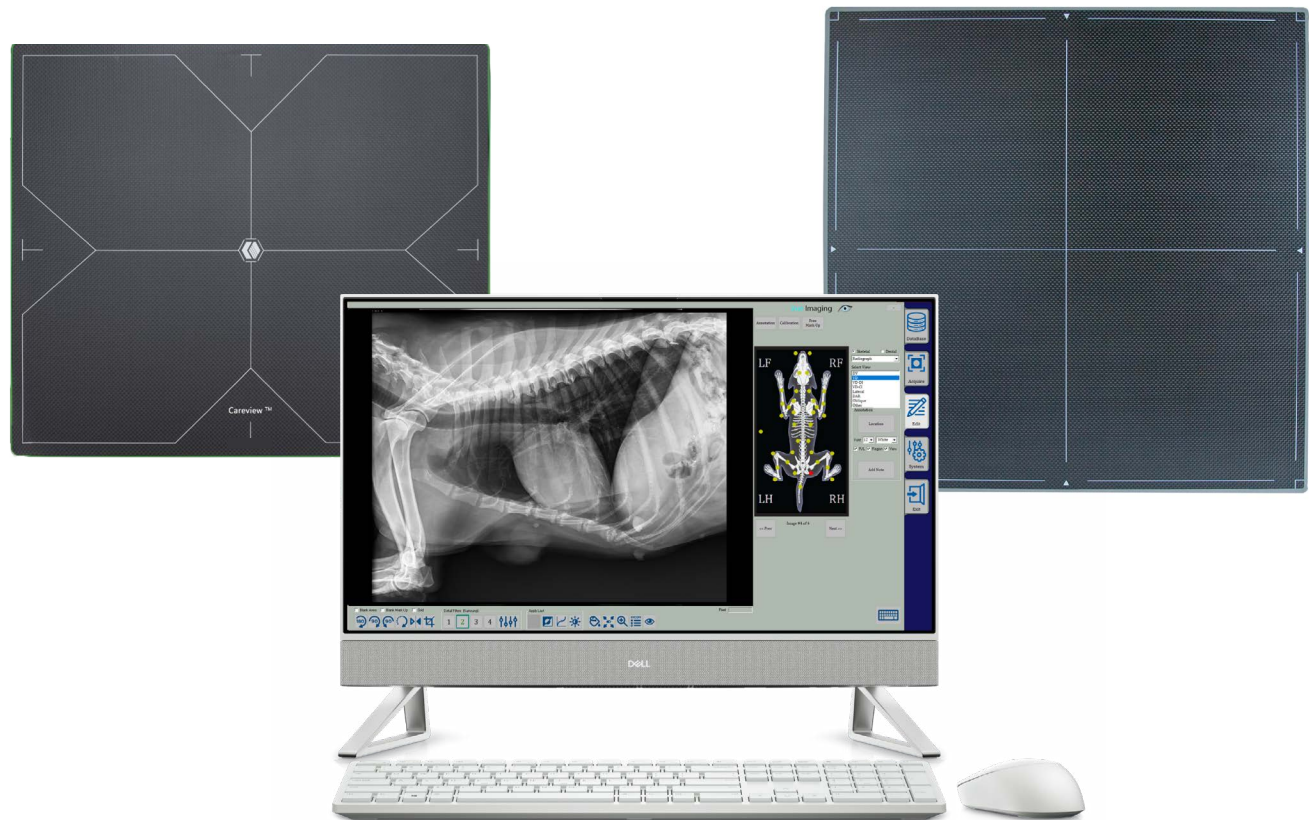

## Portable X-Ray Generator

- High power generator with a vivid display monitor
- 40-125 kV and 0.1-100 mAs
- Choice of wireless exposure control or manual wired control

## Adjustable X-Ray Table

- Four-way float top table for ease of use and positioning
- Horizontal column adjustment

# PENTAS

DIGITAL RADIOGRAPHY

Pentas Digital Radiography is perfect for veterinarians wanting to add a reliable, High Dynamic Range DR system to their practice.

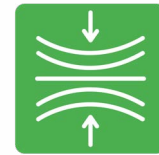

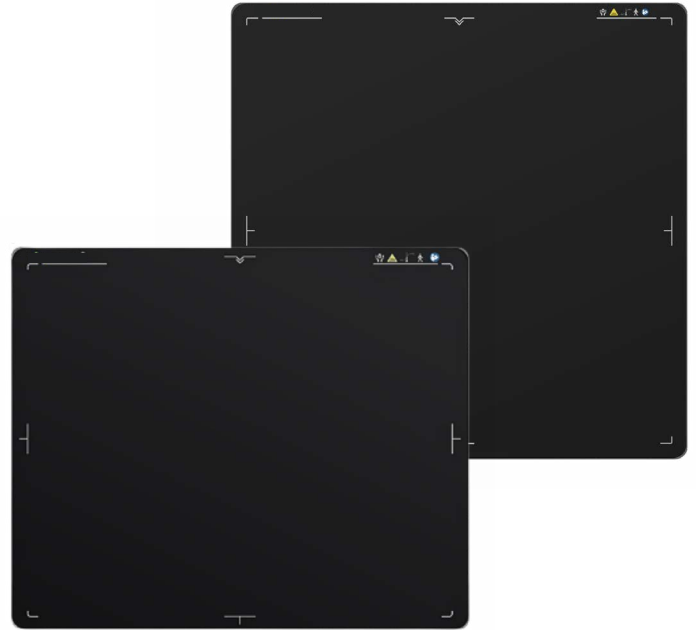

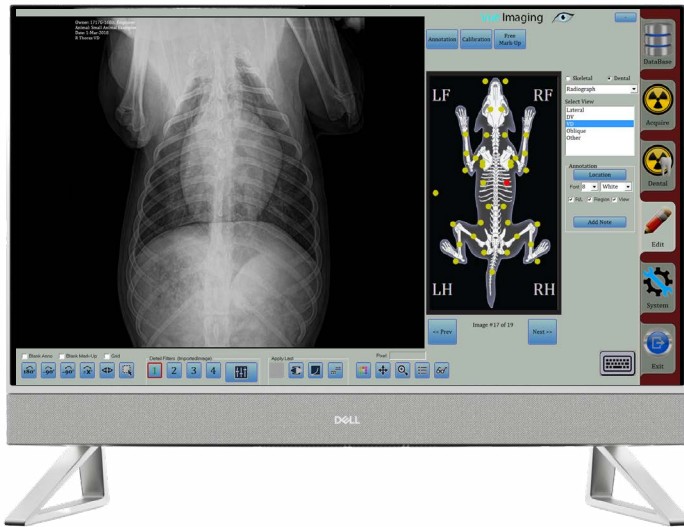

All Pentas brand panels come with **Mishap Immunity Accident Coverage**. This hardware protection program qualifies users to receive timely panel repairs or replacements for warranty-related panel malfunctions. \*

## Desktop Computer

- All-in-One desktop computer
- High-Resolution touch display
- Powerful data processor and high memory capacity for uninterrupted workflows
- Includes Vizion Image Acquisition Software

## Detector Panel

- High Dynamic Range imaging
- 14" x 17" and 17" x 17" panel sizes available
- Direct deposition Csi
- IP64: Dust-proof and water-resistant
- Choice of wired or wireless model

## Flexible Panel Build

This high-definition panel is constructed from a flexible substrate for increased durability

# PHOTON HD

The Photon HD Digital Radiography System is a solution for veterinary practices seeking exceptional image clarity at an excellent value. The Photon HD is our top recommendation for veterinarians who require a high level of precision and detail in their imaging.

## Desktop Computer

- All-in-One desktop computer
- High-Resolution touch display
- Powerful data processor and high memory capacity for uninterrupted workflows
- Includes Vizion Image Acquisition Software

## Detector Panel

- High-definition 100 pixel pitch
- 16-bit ADC
- Wireless with 8+ hour battery life
- 14" x 17" and 17" x 17" panel sizes available
- IP56: Dust-proof and water-resistant

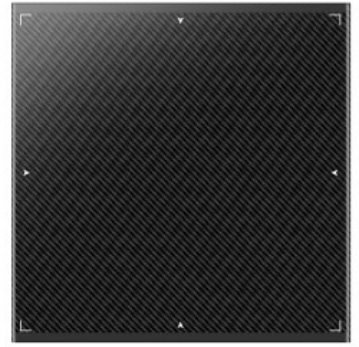

# Photon X Series

Designed for practices seeking a cost-effective solution without compromising diagnostic accuracy. The Photon X Series offers clear, consistent radiographs and a smooth workflow at an excellent value.

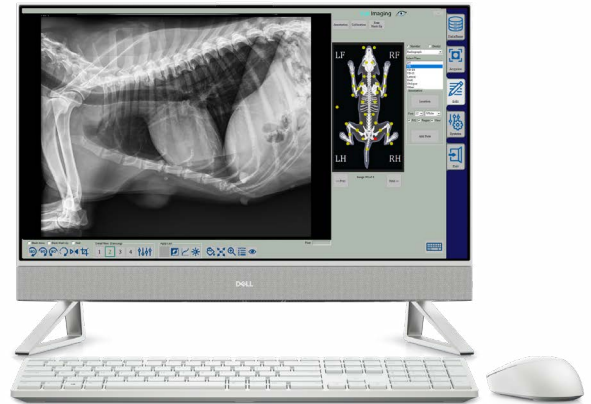

## Choice of Computer

- All-in-One desktop computer with touch display
- A versatile 2-in-1 laptop featuring a 16" touch display that can function as a tablet
- Includes Vizion Image Acquisition Software

## Detector Panel

- Wireless Cassette Detector per ISO 4090, fits in Bucky tray
- Full AED control
- Wireless with 8+ hours battery life
- Lightweight build
- Supports a fast workflow for a better user experience

## Dental Digital Radiography & Computed Radiography Solutions

Computer configurations for dental imaging

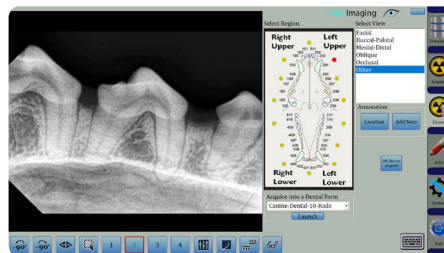

Intra-Oral Digital Dental Sensors  
Sizes: 1, 2, and 3

Dental CR System  
Flexible dental plate sizes 0-4

Portable Dental  
X-Ray Generators

Vizion Dental Acquisition Software

# X-Ray Generators and Tables

*Take advantage of DR bundle discounts when you purchase an X-Ray Generator and VUE DR system*

## Canis 5A X-Ray Generator

- All-in-One portable X-ray machine with a 5 kW X-ray power unit
- Small and lightweight with high-power density
- Wired manual exposure or wireless controlled settings
- 40 - 125 kVp , 0.1 - 100 mA

## VDR 305 Table with Mast

- Four-way float top table for ease of use and positioning
- Column adjusts horizontally

## Del-UMG 400mA High Frequency X-Ray Generator

- 30kw, high frequency, single phase, 400ma, 125kvp, with anatomical programming console
- Optional 32kw, high frequency, three phase, 600ma, 125kvp, with anatomical programming console available
- Available with stationary, 2-way float, or 4-way float top table
- Urine traps for easy clean up
- Supports patients up to 400 lbs

### Eco 6 VET

- Special Veterinarian Approved Presets
- Cw Mode For High Velocity Detection
- Lightweight And Battery Operated
- 2D Steer To View More In Every Image

### Sonobook 6 VET

- Compact Laptop Design For Easy Mobility
- Less Than 12 Lbs
- Crisp Imaging With A 15" High-Res Led Display
- Anatomy-Specific Presets
- User Friendly Interface With Shortcut Key For Quick Access

### Sonobook 8 VET

- Premium Class Ultrasound With A 15" LED High-Res Display
- Comprehensive Cardiac Measurement Packages
- Fhi Harmonic Imaging For Deep Tissue Penetration
- Automatic Measurement And Image Optimization
- Superneedle Enhancement
- 12 Probe Options

## Liberty Q7 HD Wireless Handheld Ultrasound

Visualize and diagnose with exceptional detail in diverse exam environments. Palm-sized and surprisingly powerful, the Liberty Q7 HD will be the most versatile tool in your diagnostic kit.

- High-Definition Image Quality
- Hands-Free Voice Control
- Rapid Start-Up
- Hot-Swap Probes Mid-Exam
- 4+ Hours Of Continuous Scan-Time
- Free Downloadable App
- No Subscriptions

*Compatible with iOS, Android  
and Windows Smart Devices*

*Convex, Linear, Small Linear, Micro-Convex,  
Transvaginal & Linear Rectal Probe Options*

## FLIR E-76 Thermal Camera

- 320x240 IR resolution
- Thermal Sensitivity: <40 mk at 30°C
- 4" LCD touch display with auto-rotation
- Laser-assisted guidance and auto-focus
- Voice annotation

Ask about online thermal imaging education, included with every E-76 thermal camera.
